South Lake Avenue Business District

ANNUAL REPORT

A Message From The

BOARD OF DIRECTORS

In 2017, the South Lake Avenue Business District focused on marketing efforts which significantly increased District awareness and visitor traffic. Marketing avenues included the expansion of South Lake's social media program, the continuation of South Lake's business recruitment and retention program, the completion of the Streetscape Improvement Project (funded phases), enhancing website features and garnering 934 District surveys from District shoppers and event visitors. The District continued to experience strong website traffic and event attendance.

Marketing efforts also included on-going community outreach to property and businesses owners, developing and implementing a retail strategy, supporting property and business owners with their new development, the success of stakeholder sponsored programs and events including the Taste of South Lake, the Clean and Safe Initiative and multimillion dollar infrastructure improvements.

South Lake Avenue has achieved over \$190 million in annual sales with leasing transactions over 245,541 square feet between office and retail. Our efforts in economic development have assisted brokers and prospective tenants in acquiring the necessary tools and resources needed to generate District interest and consider South Lake Avenue as a business destination.

South Lake welcomed new ground floor retail businesses including Blind Color Nation, Dunkin', Escrow Trust Advisors, Gymboree Play & Music, Home Paradise Realty Group, Marvallure, Nick's on South Lake Avenue, OneWest Bank, Pacific Seafood Grill, Stride, The Bloke, The Delicatessen by Osawa. Continued collaborative efforts between the South Lake Business Association and the City of Pasadena are necessary to promote the economic vitality of the District.

The South Lake Business Association remains dedicated to improving the South Lake Avenue Business District, nurturing its growth and showcasing why it is Pasadena's premiere destinations to shop, dine, live and work.

LAKE

MISSION STATEMENT

The South Lake Business Association's mission is to proactively promote and improve the economic interest of the membership of the South Lake Property Based Business Improvement District (PBID).

Purpose

Formed in 2007, the South Lake Avenue PBID is a unique benefit assessment District that enables the South Lake Avenue District property owners, businesses and City of Pasadena to work as a cohesive organization dedicated to the long-term vitality of the District.

BUSINESS IMPROVEMENT DISTRICT

Activities and programs of the South Lake Avenue PBID are funded through assessments paid by property owners. The PBID provides funds for supplemental services and improvements above what can be provided by the City of Pasadena including a “clean and safe” program, a professional marketing and business promotion program and a program to enhance the physical environment and amenities throughout the South Lake Avenue District. The South Lake Business Association works closely and in partnership with the City of Pasadena for funding District Capital Improvement programs.

2017 REVENUE COLLECTED

The SLBA receives the majority of its funding from property owners.

2017 EXPENDITURES

Over 82% of the SLBA total budget went directly into “clean & safe” programs and marketing South Lake Avenue.

2017 IMPACT

Completed

Garnered 934 surveys in 2017 from District shoppers, community members, and event visitors (total to date: 8,495+), completed PBID renewal, installed new year-round tree lights and enhancement of holiday decorations

PBID ASSESSMENT FORMULA

PBID assessment formulas typically relate to property street frontage, parcel and building size and location which affect the amount of assessment to be paid. The formula may base assessments on a single factor or a combination of factors. Based on the program activities to be funded, which relate directly to the pedestrian oriented sidewalk areas, parcel size and current improvements, it is determined that the assessments be based equally on three property related elements; the amount of adjacent street/sidewalk frontage, the parcel size and the building area. Within the PBID there are roughly 24,300 linear feet of property frontage, 2.5 million square feet of land and 2.9 million square feet of building area.

Year 1 property assessment rates per parcel are \$0.07154 per square foot of building, plus \$0.08481 per square foot of land, plus \$13.14281 per linear foot of Lake Avenue street frontage, plus \$6.57087 per linear foot for all other frontages. Parcels with residential uses of 1 to 5 units (including residential condominiums) shall be assessed at the Year 1 rate of \$0.107 per square foot of building area. Parcels with residential uses of 6 or more units shall be assessed at 50% of the regular rates. Mixed use development building area assessments shall be pro-rated based on the ratios of each respective use.

Since the renewed PBID is planned for a five year term, maximum assessments for future years (Years 2-5) must be set at the inception of the renewed PBID. While future inflationary and other program cost increases are unknown at this point, a built in maximum increase of 5% per annum is incorporated into the projected program costs and, in turn, the resultant assessment rates for the five year renewal term of the PBID. These figures are shown in the table below. Assessment rates may not exceed those indicated below.

Five Year Maximum Assessment Rates *(Includes a 5% cap on annual increases)*

	Year 1 Rate	Year 2 Rate	Year 3 Rate	Year 4 Rate	Year 5 Rate
Building Area Fee	\$0.07154	\$0.07512	\$0.07887	\$0.08282	\$0.08696
Land Area Fee	\$0.08481	\$0.08905	\$0.09350	\$0.09818	\$0.10308
Lake Ave Street Frontage Fee	\$13.14281	\$13.79995	\$14.48995	\$15.21445	\$15.97517
All Other Street Frontage Fee	\$6.57087	\$6.89941	\$7.24438	\$7.60660	\$7.98693
Residential (1-4 Units) Fee	\$0.10700	\$0.11235	\$0.11797	\$0.12387	\$0.13006

Specific Annual Adjustments

During the term of the PBID, the annual budget and corresponding assessments may be adjusted to reflect annual increases of five percent (5%). In addition, any annual budget surplus or deficit will be incorporated into the subsequent year's PBID budget, and subsequent annual assessments will be set to account for surpluses or deficits carried forward.
